

ENDLESS ~ RIVER ~ FUN

Susquehanna River fishing charters are offered by Lance Dunham, owner of **L.D. Guide Service & Fishing Camp**, headquartered in Dushore. Charters range in length from a few hours to an entire day. Lance fishes the river *lot*, he conducts 50 to 60 charters a season, so he knows all the hot spots. He also knows the river's moods and the changes that occur in fishing conditions from week to week. Fishing is done from Lance's 16-foot Basstracker boat with padded swivel seats and all the electronics or a 16-foot Jon boat which he takes to more remote locations. Lance, says, "Lure presentation is important and I teach my clients the proper technique to catch fish consistently. I take out experienced fishermen (male and female) as well as people who have never fished or even held a pole. By the end of the day, we all catch fish. I will guarantee that you will catch a fish or you do not pay anything for your trip." How's that for confidence! Lance also has a very comfortable fishing camp right on the banks of the river which offers two bedrooms, cooking utensils, electricity and indoor plumbing whether you fish with him or bring your own boat. The camp is only 1/4 mile from a public boat launch. "The main thing," says Lance, "is that we all have a good relaxing day of fishing on the river."

Relaxation is the key word in enjoying the river, and a lazy float down the river in a canoe is it! In mid-summer, you'll be making a top speed of approximately 3 miles per hour which doesn't exactly fit in a tight schedule. Terry Kerrick, owner of **Kerrick Canoe Rental** on Route 187, 2 1/2 miles south of Wysox, will help you plan a leisurely excursion lasting a few hours or several days. He will transport you and the canoe upriver and you can float down, or if you go beyond Wysox, he'll come down river and pick you up at the nearest access point. Terry wants you to have fun on the river and he has a lot of tips you will need to know for comfort and safety, as well as good fishing spots and special points of interest along the way.
